

APARTMENTS

That will rent for \$30 to \$75 per month is the actual need of Washington today. If there were ten more apartment buildings completed they would be rented at once, as there is scarcely a modern suite empty in this city. There is no doubt that such apartments can be built and rented to pay ten to twenty per cent net to the owner.

GICHNER, *The* Roofer

Record for 1907-1908

I have repaired and put on new 847 tin roofs. Only two complaints have been made during the heavy snow and slush of the past few months. This is the result of thorough and sincere work.
